

NovaData Solutions

Case Study: Hospitality

THE SITUATION:

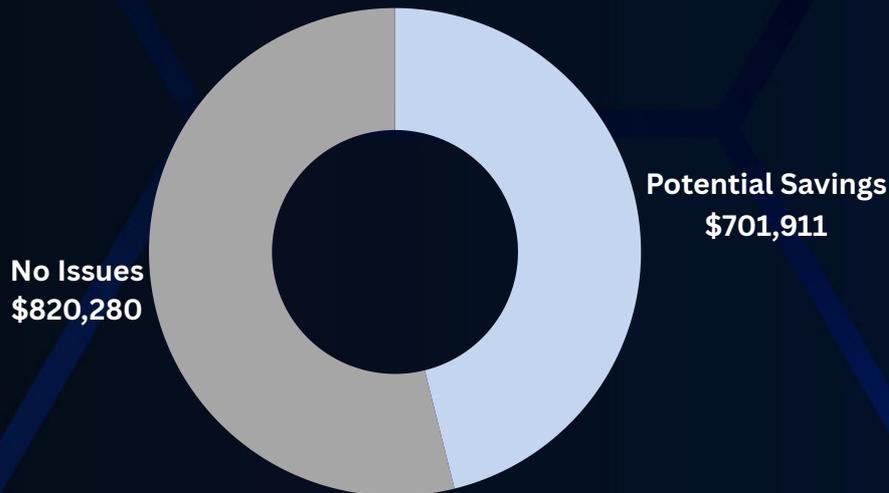

A hospitality firm suffered property damage. This property damage required the utilization of a third party restoration company to perform mitigation and clean up services in order to restore the affected property to its original state, prior to the damage.

OUR SOLUTION:

The hospitality firm retained NovaData-Solutions to audit and analyze the restoration company's invoices; utilizing both our industry adherence platform. These audits resulted in the identification of 46%+ in financial anomalies within 48 hours of submitting the restoration invoices to NovaData-Solutions.

INDUSTRY AUDIT*

■ Potential Savings ■ No Issues

TOP FLAGGED ITEMS:

KEY BENEFITS:

Faster Processing

Dramatically reduces invoice review time, bypassing Manual processes to review invoices that are slow, inconsistent, and expensive.

Greater Accuracy

Eliminate persistent inaccuracies and overcharges in bills for property mitigation services.

Auditing Consistency

All restoration companies' invoices are audited by identical standards, creating an unbiased and neutral invoice review process.

Cost Effective

Low-investment high return, ask us about our pricing options.

WHAT OUR CUSTOMERS ARE SAYING:

"Data was very helpful in order to commence negotiations with our contractor. The short turnaround time allows us to get a quick analysis prior to invoices being paid by our insured."

"The platform provides in 1-2 days what would take a building consultants weeks to complete at a fraction of the cost. Keep doing what you are doing."
